

A COURSE IN MIRACLES

Advent of a Great Awakening

September 18-20, 2009

The Transformational Art of Divine Improvisation:

What is Heaven, but a song of gratitude and love and praise, by everything created, to the Source of its creation? The holiest of altars is set where once was sin believed to be. For no one hears the song of Heaven, and remains without a voice that adds its power to the song, and makes it sweeter still. And each one joins the singing at the altar which was raised within the tiny spot that sin proclaimed to be its own. And what was tiny then has soared into a magnitude of song, in which the universe has joined with but a single voice.”
